

PHPR Duck Hunting Policy and Procedure

I. Purpose

It is the intention of PHPR to simplify the procedure for obtaining a duck blind at the City Lake in a fair manor.

II. Procedure:

- A. The drawing will be held the Fourth Friday in July at 5pm in the City Hall Council Chambers. Those wanting a blind must be present to win.
- B. The drawing is open to those individuals who live within the city limits of Pleasant Hill. If there are not five individuals meeting this requirement, the remainder of the blinds will be opened for raffle to anyone with a Pleasant Hill address. If there are still blinds open after that, the blinds will be opened up to everyone else.
- C. The cost for a blind is \$50. A \$100 fine will be collected if the blind has not been taken down by April 1st.
- D. The first person drawn will get first selection of blind location.
- E. Upon selection of location, the person will be given a card with six name spots. This card is to be filled out with the individual names of those who are hunting out of the blind. This card should be posted on the sign marking each blind area. The recipient of the blind is allowed to have an additional guest in the blind if the guest pays a \$1 fee at City Hall.
- F. Each spot will have a posted sign marking the area for each blind. The blind must be within 300 feet of this sign.
- G. Any boat being used on the lake must obtain a boat sticker. A motor sticker must be purchased if the boat is so equipped.

III. Duck Blind Locations
