CITY OF PLEASANT HILL RECEIVES GRANT FROM THE MO DEPARTMENT OF CONSERVATION

GRANT FUNDS AWARDED FOR TREE INVENTORY

PLEASANT HILL, MO - April 26, 2017 – The City of Pleasant Hill announced today that it has fulfilled their obligations toward a Tree Resource Improvement and Maintenance (TRIM) Grant. The grant will support the inventory of the trees in the Pleasant Hill-owned parks and streets to ensure a high quality safety for its patrons and visitors.

The City of Pleasant Hill selected ArborPro from Yorba Linda, California to provide the inventory for this project. All together, ArborPro collected data for 2,413 trees across the city. The grant will provide the reimbursement for the inventory.

"This project will greatly benefit our community and we are very grateful to the Missouri Department of Conservation for their generous support of our trees in Pleasant Hill, Missouri." - *C. J. Hicks, Mayor of Pleasant Hill.*
