Robert L Driscoll
Chief of Police

Community Video Partnership

Video cameras are one of the best methods for catching criminals in the act. The Community Video Partnership Program invites residents and businesses to work with the Pleasant Hill Police Department to create a confidential map of active security cameras across the City.

The map will allow our police officers to quickly contact you if a crime happens in your area and see if your security camera captured the criminal activity. We would then use that information to apprehend and prosecute the criminals involved.

Registering your cameras

There are **three** ways you can register security cameras that view any public area in the city (sidewalks, streets, parking lots, etc.).

- Print our Registration Form (or pick up one from the Police Department) fill it out and mail it to:
Pleasant Hill Police Department
Attn: Home Video Registration
203 Paul Street
Pleasant Hill, MO 64080
- Fax to 816-987-9147
- Fill out, scan and email to phpd@pleasanthill.com

One of our officers will follow up with you and look at how your cameras are placed for optimal coverage. We'll provide you with a Community Video Partnership Program window cling that you may place on your home or business windows to help deter criminal activity.

There's no fee to participate. This is a voluntary program and you may unsubscribe at any time by calling the Police Department and requesting your information be taken off of our list.

Privacy concerns

This program is not intended for active surveillance or for us to check on what you are doing in your neighborhood. All information is housed in a secure database, and we won't have direct access to your private video system.

SECURITY CAMERA REGISTRATION FORM

Registered Owner Name	*Business or Residence	*Name of business
Street number	Street Name	Apt (if applicable)
Phone Number	Phone Number	Email Address
